Fight the Power Clarence Taylor 2021-04-01 A story of resistance, power and politics as revealed through New York City's complex history of police brutality The 2014 killing of Michael Brown in Ferguson, Missouri was the catalyst for a national

Downloaded from legalru.ru on August 9, 2022 by guest

conversation about race, policing, and injustice. The subsequent killings of other black (often unarmed) citizens led to a surge of media coverage which in turn led to protests and clashes between the police and local residents that were reminiscent of the unrest of the 1960s. *Fight the Power* examines the explosive history of police brutality in New York City and the black community's long struggle to resist it. Taylor brings this story to life by exploring the institutions and the people that waged campaigns to end the mistreatment of people of color at the hands of the police, including the black church, the black press, black communists and civil rights activists. Ranging from the 1940s to the mayoralty of Bill de Blasio, Taylor describes the significant strides made in curbing police power in New York City, describing the grassroots street campaigns as well as the accomplishments achieved in the political arena and in the city's courtrooms.

Taylor challenges the belief that police reform is born out of improved relations between communities and the authorities arguing that the only real solution is radically reducing the police domination of New York's black citizens. *Crimes Against America's Homeless United States*. Congress. Senate. Committee on the Judiciary. Subcommittee on Crime and Drugs 2011 **Police Practices and Civil Rights in New York City** United States Commission on Civil Rights 2000 *NYPD Battles Crime* Eli B. Silverman 1999-06-10 Analyzes the New York City Police Department's (NYPD) high-tech crime fighting strategy, Compstat, and examines 25 years of change and leadership at NYPD, revealing that the Compstat crime control process is not an instant organizational turnaround but instead is the result of a gradual process of organizational change and leadership redirection. Of interest to students of policing and

The New York City Police Department's Stop & Frisk Practices Eliot Spitzer 1999 Canvasses 3 different perspectives on "stop and frisk" (S&F) police activity in NY City. Provides the legal definition of, and constitutional parameters for S&F encounters. Considers S&F from the perspective of both the N.Y. City Police Dept. (NYPD) and minority communities that believe they have been most affected by the use of S&F. S&F is also examined as part of the NYPD's training regimen and from the point of view of officers who have used the technique. Provides an assessment of the S&F tactic from the perspective of persons who have been "stopped," and commentary from persons

who have observed the tactic's secondary effects. Comprehensive!!

Rendered Safe Jeff Ingber 2019-11-26 Rendered Safe centers on the remarkable life of former NYPD Bomb Squad Detective Donald Sadowy. In the aftermath of the February 1993 World Trade Center bombing, the most devastating terrorist attack on the United States to that point, Sadowy risked his life to search for evidence in the shattered and dangerous sub-basement. There, he discovered a piece of chassis frame that contained a VIN number which enabled law enforcement to catch the perpetrators just in time. The massive investigation and recovery effort that followed is revealed through Sadowy's recollections as well as those of a number of other law enforcement agents, many never before told. The World Trade Center bombing, designed to topple the Twin Towers, presaged 9/11. On that day, Sadowy defied

overwhelming odds to survive being buried alive under the rubble of the collapsed North Tower. In Forrest Gump-like fashion, during his career Sadowy was an astounding magnet for many other significant events and persons. He served for two years as personal bodyguard for U.N. Secretary-General Kurt Waldheim. During his 16 years in the NYPD Bomb Squad, he was involved in the Abortion Bomber case, the investigation of TWA flight 800, global intelligence missions, the handling of a multitude of improvised explosive devices, and the protection of key global figures such as Mikhail Gorbachev and Fidel Castro. At the end of his career, while serving in the U.S. Marshal's office, Sadowy interacted with notables such as John Gotti Jr. Based on extensive and exclusive interviews with a wide range of officials, *Rendered Safe* takes the reader into the life of a bomb technician and provides a tour of many of the most noteworthy

events of recent decades.

Family Crimes Against the Elderly Patricia J. Brownell 2014-01-14 First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Sex Workers Unite Melinda Chateaubert 2015-03-10 A provocative history that reveals how sex workers have been at the vanguard of social justice movements for the past fifty years while building a movement of their own that challenges

our ideas about labor, sexuality, feminism, and freedom Documenting five decades of sex-worker activism, *Sex Workers Unite* is a fresh history that places prostitutes, hustlers, escorts, call girls, strippers, and porn stars in the center of America's major civil rights struggles. Although their presence has largely been ignored and obscured, in this provocative history Melinda Chateauvert recasts sex workers as savvy political organizers—not as helpless victims in need of rescue. Even before transgender sex worker Sylvia Rivera threw a brick and sparked the Stonewall Riot in 1969, these trailblazing activists and allies challenged criminal sex laws and “whorephobia,” and were active in struggles for gay liberation, women's rights, reproductive justice, union organizing, and prison abolition. Although the multibillion-dollar international sex industry thrives, the United States remains one of the few

industrialized nations that continues to criminalize prostitution, and these discriminatory laws put workers at risk. In response, sex workers have organized to improve their working conditions and to challenge police and structural violence. Through individual confrontations and collective campaigns, they have pushed the boundaries of conventional organizing, called for decriminalization, and have reframed sex workers' rights as human rights. Telling stories of sex workers, from the frontlines of the 1970s sex wars to the modern-day streets of SlutWalk, Chateauvert illuminates an underrepresented movement, introducing skilled activists who have organized a global campaign for self-determination and sexual freedom that is as multifaceted as the sex industry and as diverse as human sexuality.

Police Crime Analysis Unit Handbook George A. Buck 1973

Death Work Vincent E. Henry 2004 Through extensive field observation and structured interviews with NYPD officers, Henry reveals patterns of psychological transformation and social consequences of police encounters with death.

Under a Cloud Eliot Sefrin 2005-12 "Excellently crafted touching a pleasure to read. The characters are multi-dimensional. The issues raised are important and timely. Under A Cloud is, simply, very good." -Marilyn Olsen, president, Public Safety Writers Association Matt Holland and Rachel Cook, two of the most highly regarded of 'New York's Finest,' are involved in a fateful shooting that ravages a city, becomes the focus of a landmark civil rights case, and powerfully reshapes the lives of those most closely touched by the incident. The white officers' accidental and tragic shooting of an innocent black teen in a poverty-stricken Brooklyn neighborhood triggers a bitter racial confrontation,

along with lengthy investigations and political maneuverings that threaten to destroy a community, shatter lives and overwhelm the truth. As the riveting drama unfolds, both the officers and the family of the slain teen become immersed in intense inner crises, as they struggle to come to terms with the tragedy and its impact on their lives. In the process, they come to experience firsthand the stereotypes, hatred and fears that can divide us as a people-and the actions and emotions that can ultimately bond and help us heal.

Annual Review of Information Science and Technology Blaise Cronin 2004 ARIST, published annually since 1966, is a landmark publication within the information science community. It surveys the landscape of information science and technology, providing an analytical, authoritative, and accessible overview of recent trends and significant developments. The range of topics varies

considerably, reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives. While ARIST continues to cover key topics associated with "classical" information science (e.g., bibliometrics, information retrieval), editor Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional communities.

Policing and Minority Communities James F. Albrecht 2019-07-31 This insightful book examines the allegations against the professionalism, transparency, and integrity of law enforcement toward minority groups, from a global perspective. It addresses the challenges inherent in maintaining strong ties with members of the community, and draws attention to obstacles in ensuring public confidence and trust in rule of law institutions. Most importantly, the book provides insight into

mechanisms and proposals for policy reform that would permit enhanced police-community partnership, collaboration and mutual respect. Acknowledging the consistency of this concern despite geographic location, ethnic diversity, and religious tolerance, this book considers controversial factors that have caused many groups and individuals to question their relationship with law enforcement. The book examines the context of police-community relations with contributed research from Nigeria, South Africa, Kosovo, Turkey, New Zealand, Mexico, Scandinavia and other North American and European viewpoints. It evaluates the roles that critical factors such as ethnicity, political instability, conflict, colonization, mental health, police practice, religion, critical criminology, socialism, and many other important aspects and concepts have played on perceptions of policing and rule of law. A valuable resource for

law enforcement practitioners and researchers, policy makers, and students of criminal justice, *Policing and Minority Communities: Contemporary Issues and Global Perspectives* confronts crucial challenges and controversies in policing today with quantitative and qualitative research and practical policy recommendations.

Misdemeanorland Issa Kohler-Hausmann 2019-08-27
A criminal defense attorney, sociologist, and legal scholar takes readers inside New York City's lower criminal courts.

N. Y. P. D. True Anonymous 2005-06-27 “N.Y.P.D. True: The Decay of the Big Apple’s Police Department” is not a book praising the New York City Police Department and how adventurous it is to be a NYPD cop. In fact, information written in this book are things that many newspapers, ranking members of the Department and regular police officers would not talk about in a public forum for

fear of the repercussions that would face them. However, it is a book about the truth and the inner-workings of “the job”. It is a book about the chaos and disorder that REAL COPS who work for this bureaucracy have to face everyday. It is a tribute to those who have been wronged and their families who stuck by them when the Department wouldn’t. This book is authentic. It shows the realities of the NYPD by one of it’s own in a unique fashion. It’s not about specific cases, but rather the NYPD and its injustices as a whole. It is truthful and raw and will offer the reader an accurate glimpse into the everyday operations within the NYPD. For young people who are thinking about making a career with the NYPD, this is a must read! You will extract information from these pages that you will not hear on the radio, television or NYPD recruitment promos. It is the NYPD’s dark and dirty secrets they withhold from the general

public by Nazi-like tactics and Byzantine, outdated rules of the NYPD's Patrol Guide. To the skeptics who don't believe the truthfulness and veracity of such information as presented in this book, I tell them this: next time you see a REAL New York City police officer, ask them if what I say is true. If you are speaking to a REAL cop, their reply will undeniably be "100% true".

Reasonable Use of Force by Police David A. May
2008 Whether or not to use force is the most serious decision and one of the most significant interactions law enforcement officers can have with citizens. The decisions made by political and administrative officials when they determine matters of policy, or the decisions made by individual officers in split seconds, may be of life or death importance. The determination of the proper use of force by law enforcement at both administrative and individual levels is crucial for both law enforcement and for

the public to maintain order, protect society, enforce just laws, and reasonably respect and protect the rights of civilian citizens. Typically a successful use of force accomplishes an actual seizure within the meaning of the Fourth Amendment, and therefore seizures are examined as Fourth Amendment issues in this book. The most basic and generalizable legal standard for the use of force is «reasonableness», and this book examines the reasonableness of the use of force in a number of situations, both real and hypothetical. *Reasonable Use of Force by Police* is intended for use in police training, police departments, universities, and by anyone interested in understanding the standards of reasonable use of force by police and other law enforcement officers. Reports of selected cases decided in courts of the State of New York other than the Court of Appeals and the Appellate Division of the Supreme Court : miscellaneous reports New York (State). Courts

1943

NYPD James Lardner 2001-08 Traces the history of the world's largest municipal police force from its founding in 1845 to the present day, revealing an organization fraught with hidden conflicts between politicians, bureaucrats, and the cops on the beat.

Police Practices and Civil Rights in New York City Mary Frances Berry 2000-12 On May 26, 1999, the U.S. Commission on Civil Rights conducted a hearing in New York City to examine current police practices & their impact on civil rights in the community at large. The Commission had a strong interest in studying the methods used by the city to balance crime fighting with the exercise of appropriate restraint, particularly following the highly publicized tragedies involving Abner Louima & Amadou Diallo. This report is intended to offer insights into some of the tensions that exist between the New York Police Dept. & the

communities that it serves. Chapters: recruitment, selection, & training; police-community relations; & civilian complaints.

Evaluation of the New York City Police Department Firearm Training and Firearm-

discharge Review Process Bernard Rostker 2008 In January 2007, New York City Police Commissioner Raymond Kelly asked the RAND Corporation to assess whether his department was doing everything it could to minimize the unnecessary discharge of firearms. In particular, he asked RAND to examine the quality and completeness of the New York City Police Department firearm-training program and identify potential improvements in the design and delivery of the curriculum, the technology used, the frequency and duration of training sessions, the tactics and procedures on which the training is based, and the Department's firearm-discharge-review process. This monograph

reports the observations, findings, and recommendations of that study.

Crime Scene Investigation National Institute of Justice (U.S.). Technical Working Group on Crime Scene Investigation 2000 This is a guide to recommended practices for crime scene investigation. The guide is presented in five major sections, with sub-sections as noted: (1) Arriving at the Scene: Initial Response/Prioritization of Efforts (receipt of information, safety procedures, emergency care, secure and control persons at the scene, boundaries, turn over control of the scene and brief investigator/s in charge, document actions and observations); (2) Preliminary Documentation and Evaluation of the Scene (scene assessment, "walk-through" and initial documentation); (3) Processing the Scene (team composition, contamination control, documentation and prioritize, collect, preserve, inventory, package, transport, and

submit evidence); (4) Completing and Recording the Crime Scene Investigation (establish debriefing team, perform final survey, document the scene); and (5) Crime Scene Equipment (initial responding officers, investigator/evidence technician, evidence collection kits).

The 9/11 Commission Report Thomas R. Eldridge 2018-02-05 It is perhaps obvious to state that terrorists cannot plan and carry out attacks in the United States if they are unable to enter the country. Yet prior to September 11, while there were efforts to enhance border security, no agency of the U.S. government thought of border security as a tool in the counterterrorism arsenal. Indeed, even after 19 hijackers demonstrated the relative ease of obtaining a U.S. visa and gaining admission into the United States, border security still is not considered a cornerstone of national security policy. We believe, for reasons we discuss in the following

pages, that it must be made one. Contents: A Factual Overview of the September 11 Border Story The September 11 Travel Operation – a Chronology Terrorist Entry and Embedding Tactics, 1993-2001 The Redbook Terrorist Travel Tactics by Plot Al Qaeda's Organizational Structure for Travel and Travel Tactics Immigration and Border Security Evolve, 1993 to 2001 The Intelligence Community The State Department The Immigration and Naturalization Service Planning and Executing Entry for the 9/11 Plot The State Department The Immigration and Naturalization Service Finding a Fair Verdict Crisis Management and Response Post-September 11 The Intelligence Community The Department of State The Department of Justice Response at the Borders, 9/11-9/20, 2001 The Department of Homeland Security Evaluation of the New York City Police Department Firearm Training and Firearm-

Discharge Review Process Bernard D. Rostker 2008-06-09 In January 2007, New York City Police Commissioner Raymond W. Kelly asked the RAND Corporation to examine the quality and completeness of the New York City Police Department's firearm-training program and identify potential improvements in it and in the police department's firearm-discharge review process. This monograph reports the observations, findings, and recommendations of that study.

The Long Road to Gold Jack Holder 2017-08-21 I entered the New York Police Academy in 1965 and my first assignment was to the 23rd Precinct and then 13th Precinct on patrol and also with their Anti-Crime Unit. In 1970 I attended the Criminal Investigations Course and was assigned to Plainclothes duties with the Organized Crime Control Bureau investigating Gambling, Prostitution and Narcotics violations in Queens County. In 1974 I

was transferred to the Special Operations Section. This unit was tasked with the investigation and surveillance of the Five New York Crime Families (Gambino, Columbo, Genovese, Giganti and Luchese). For several months I operated in an undercover capacity posing as a corrupt officer during which time the operation netted over \$50,000 in cash and merchandise including an all-expense paid trip to Las Vegas for myself and my partner. We were being tested to see if we really were corrupt. As a result of this investigation over 40 members of Organized Crime were arrested and convicted. In 1979 I was promoted to Detective 3rd Grade and transferred to Queens County District Attorney's Squad, where I continued my investigations of Organized Crime with the investigation of John Gotti and his crime family. This investigation led to my promotion to Detective 2nd Grade. In 1985 I retired after 20 years of

service.

Policing Major Events James F. Albrecht

2014-11-20 Whenever a major event requires police intervention, questions are raised about the nature of the police response. Could the police have prevented the conflict, been better prepared, reacted more quickly? Could they have acted more forcefully or brought the altercation under control more effectively? Based upon real case studies of events from all over the world, this volume explores the complex set of factors comprising the policing of major events. Topics covered include: Police procedures in Serbia in response to sporting events and violence The 2010 World Cup in South Africa as a model of best practice in governance structures, along with the region's struggles in routine policing initiatives Security operations at the 2010 Winter Olympic Games in Canada and the

Summer Olympic and Paralympic Games in London in 2012 Community involvement to curb terrorist insurgency in North Eastern Nigeria Governmental response to Hurricane Katrina in Louisiana and Texas Revisions made to NYPD protocols following the September 11 attacks Policing strategies for major events on Aboriginal and tribal lands across Canada Other topics include the police/protestor relationship and low-profile versus high-profile policing strategies in crowd control, the growing strategy of private security in working with public police forces, and enhancing public safety in post-conflict regions. The concepts presented in Policing Major Events: Perspectives from Around the World will enable police departments to improve their readiness for policing major events across a diverse set of events and socio-political contexts. This book is a co-publication with the International Police Executive Symposium.

The Medical Care of the Judoka Anthony J.

Catanese 2021-11-25 This expanded edition of The Medical Care of the Judoka deals with common medical problems in judo as well as current and controversial issues in sports medicine, including: • The role of medical personnel in judo tournaments • Infections on the mat • Concussions, traumatic brain injuries, and seizures • Dental Injuries • Injuries to the upper and lower extremities • Heart and circulation conditions • Lungs and respiration conditions • Spinal injuries • Injuries related to the genitourinary and endocrine systems • Diet, weight loss, and nutrition • How gender can impact the medical needs of the Judoka • Problems associated with doping ...and much much more.

Blue on Blue Charles Campisi 2017-02-07 A memoir from Charles Campisi, who, "from 1996 through 2014 ... headed NYPD's Internal Affairs Bureau, working under four police commissioners and

gaining a reputation as hard-nosed and incorruptible. When he retired, only one man on the 36,000-member force had served longer. During Campisi's IAB tenure, the number of New Yorkers shot, wounded, or killed by cops every year declined by almost 90 percent, and the number of cops failing integrity tests shrank to an equally startling low. But to achieve those exemplary results, Campisi had to triple IAB's staff, hire the very best detectives, and put the word out that bad apples wouldn't be tolerated"--Dust jacket flap.

The Crime Numbers Game John A. Eterno
2017-07-27 In the mid-1990s, the NYPD created a performance management strategy known as Compstat. It consisted of computerized data, crime analysis, and advanced crime mapping coupled with middle management accountability and crime strategy meetings with high-ranking decision makers. While initially credited with a dramatic

reduction in crime, questions quic
NYPD Green Luke Waters 2017-02-28 In this "inspiring inside tour of the human toll, and the satisfactions of becoming a cop" (The New York Times), Irish immigrant and retired NYPD homicide detective Luke Waters takes us inside the New York City police department and offers a glimpse at the grit, the glory, and the sometimes darker side of the police force. Growing up in the rough outskirts of northern Dublin at a time when joining the guards, the army, or the civil service was the height of most parents' ambitions for their children, Luke Waters knew he was destined for a career in some sort of law enforcement. Dreaming of becoming a police officer, Waters immigrated to the United States in search of better employment opportunities and joined the NYPD. Despite a successful career with one of the most formidable and revered police forces in the world, Waters's

reality as a cop in New York was a far cry from his fantasy of serving and protecting his community. Over the course of a career spanning more than twenty years—from rookie to lead investigator, during which time he saw New York transform from the crack epidemic of the nineties to the low crime stats of today—Waters discovered that both sides of the law were entrenched in crooked culture. Balanced with wit and humor, NYPD Green features colorful characters Waters has met along the way as well as a “surprisingly frank” (Kirkus Reviews) and critical look at the darker side of police work. A multifaceted and engaging narrative about the immigrant experience in America, Waters’s story is also one of personal growth, success, and disillusionment—a rollicking journey through the day-to-day in the New York Police Department.

The Encyclopedia of Civil Liberties in America

nypd-patrol-guide

David Schultz 2015-04-10 Driven by the growing reality of international terrorism, the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s. At this critical time when individual freedoms are being weighed against the need for increased security, this exhaustive three-volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution. The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties. It provides detailed history of court cases, events, Constitutional amendments and rights, personalities, and themes that have had an impact on our freedoms in America. The Encyclopedia appraises the state of civil liberties in America today, and examines growing concerns over the

TASER® Conducted Electrical Weapons:

Physiology, Pathology, and Law Mark W. Kroll
2009-02-27 TASER® Conducted Electrical Weapons are rapidly replacing the club for law-enforcement control of violent subjects within many countries around the globe. A TASER CEW is a hand-held device that delivers a 400-volt pulse with a duration tuned to control the skeletal muscles without affecting the heart at a distance of up to 6.5 meters over tiny wires. If necessary, it begins with an arcing voltage of 50,000 V to penetrate thick clothing; the 50,000 V is never delivered to the body itself. Due to the widespread usage of these devices and the widespread misconceptions surrounding their operation, this book will have significant utility. This volume is written for cardiologists, emergency physicians, pathologists, law enforcement management, corrections personnel, and attorneys.
